

# AISI316 Stainless Steel Wire Rope

This high-quality stainless steel wire rope is made from AISI316. It is suitable for industrial and marine applications requiring corrosion resistance and high tensile strength.

## Product Overview

### High-Performance Stainless Steel Wire Rope

This premium stainless steel wire rope is engineered for demanding industrial and marine environments, offering exceptional corrosion resistance and durability. Available in a wide range of constructions and diameters, it is suitable for diverse applications including rigging, construction, and metallurgy. Built to meet international standards, this product ensures reliability and safety in critical operations.

## Technical Specifications

### Construction Options

- 1X7
- 1X19
- 7X7
- 7X19
- 6X7+FC/IWS
- 6X19+FC/IWRC/IWSC
- 19X7
- 6X37+FC/IWRC
- 6X36WS+FC/IWRC

### Surface Finish

Bright • Annealed • Electro polished

### Material Grade

AISI 304, AISI 316, AISI 304L, AISI 316L, Non-magnetic

### Diameter Range

0.3mm to 32mm

## Performance Metrics

### Tensile Strength Options

**1570 N/mm<sup>2</sup>**

Tensile Strength

**1670 N/mm<sup>2</sup>**

Tensile Strength

**1770 N/mm<sup>2</sup>**

Tensile Strength

## Compliance & Standards

### International Standards

AISI, ASTM, DIN, EN12385-4, BS, GB, JIS

## Logistics & Usage

### Applications

- Rigging
- Construction
- Aircraft
- Metallurgy
- Hardware

### H.S. Code

7312100000

### Packaging

Plywood reels, Plastic spools or according to requirement
