

Alfa Romeo 33 Strut Bumper and Bellows Kit

This kit includes strut bumpers and bellows designed for Alfa Romeo 33 models. The strut bumpers cushion and protect the suspension system from impacts, while the bellows safeguard the strut from dirt and debris.

Product Overview

High-Performance Suspension Protection

This Strut Bumper and Bellows Kit is engineered to meet strict OE parameters, ensuring seamless integration and performance equivalent to original equipment. The buffer block utilizes high-quality polyurethane, while the dust cover is crafted from natural rubber or TPV, offering superior wear, tensile, and temperature resistance. Designed for durability, the kit withstands extreme conditions, including temperatures as low as -40°C, and effectively protects the shock absorber for at least 18 months or 100,000 km.

Compatibility & Fitment

Reference Numbers

- MONROE: PK012
- SACHS: 900004

Compatible Model	Alfa Romeo 33
Production Years	1983-1992
OE Numbers	4409263, 6N0412303A, 6N0413175A

Technical Specifications

Fatigue Test Durability

200000 cycles

Impact Resistance

Materials	Polyurethane (PU), Natural Rubber (NR), Thermoplastic Vulcanizate (TPV)
Shelf Life	3 years
Position	Suspension system

Logistics & Warranty

Certifications

ISO • IATF

Warranty

1 year

Minimum Order Quantity

100 PCS
