

# Alkaline AA Batteries, Carded Pack

This is a pack of four alkaline AA batteries in a carded package. The packaging provides specifications such as the number of batteries per pack, box, and carton, as well as weight and dimensions.

## Product Overview

### High-Performance Alkaline AA Batteries

These reliable alkaline AA batteries are designed for consistent power delivery across a wide range of devices. Supplied in convenient carded packs, they are suitable for both retail environments and bulk industrial applications. The mercury-free composition ensures safety and environmental compliance, while the standardized sizing makes them a versatile choice for professional and consumer electronics.
