

Alkaline Batteries LR6 1.5V, 4-Pack

High-capacity alkaline batteries provide reliable power for a variety of electronic devices. These batteries feature a mercury-free composition and are suitable for digital applications.

Product Overview

High-Performance Alkaline Power

These high-capacity alkaline batteries are engineered for reliability in demanding digital devices. Featuring advanced technology and adhering to strict international quality standards, they provide consistent power for a wide range of electronics. The environmentally friendly, mercury-free composition ensures safe and responsible usage.

Technical Specifications

Battery Type	Alkaline
Voltage	1.5 V
Model Size	LR6 (AA)
Pack Quantity	4

Compliance & Standards

Environmental Features

Mercury-Free • Eco-Friendly

Certifications	CE, ISO 9001:2000
