Product Overview

Professional Grade All-Steel Spade

This all-steel shaft spade is engineered for maximum durability and performance in demanding landscaping and gardening environments. The design features a patented shaft that excels at severing tough roots and penetrating dense soil with ease. With its robust metal construction and reinforced connection points, this tool provides long-lasting reliability for professional digging, planting, and soil turning tasks.

Physical Dimensions

Overall Length (A)	1500 mm
Blade Length (B)	410 mm
Blade Width (C)	215 mm

Product Details

Item Number	NW1-9ML
Construction Material	All-Steel, Reinforced Metal

Key Features

Performance Features

- Patented all-steel shaft
- Designed for severing tough roots
- Reinforced connection point for longevity
- Suitable for heavy-duty landscaping and gardening
