

All-Terrain Vehicle with Front and Rear Drum Brakes

This all-terrain vehicle features a rugged construction with a sturdy frame and durable components to withstand demanding off-road conditions. It is equipped with cargo racks for carrying equipment and supplies, making it a versatile and reliable choice for both work and play.

Overview

Versatile All-Terrain Utility Vehicle

The DBATV250 Utility is a robust all-terrain vehicle engineered for both demanding work environments and recreational off-road use. Powered by a 229.6mL air-cooled engine with a 5-speed transmission and shaft drive, it delivers reliable performance across challenging terrains. Its rugged construction, featuring cargo racks and a high-clearance frame, ensures it is a versatile tool for hauling equipment or navigating tough landscapes with ease.
