

Aluminum Alloy Basin-Shaped Speaker Stand

This aluminum alloy basin-shaped stand is designed for 6-inch speakers. It provides a stable and aesthetically pleasing base for speaker systems, enhancing sound projection and reducing unwanted vibrations.

Product Overview

Professional Speaker Mounting Solution

This aluminum alloy basin-shaped stand is a premium speaker accessory from the V series, specifically engineered to support 6-inch to 3-inch speaker units. Constructed from high-quality aluminum alloy, this stand provides a stable, durable base that ensures optimal acoustic performance. Its unique basin-shaped design is crafted to enhance sound projection while effectively minimizing unwanted vibrations, making it an ideal choice for custom speaker builds and system upgrades.
