

Aluminum Alloy Speaker Stand for 12-Inch Speakers

This aluminum alloy speaker stand is designed for V series 12-inch speakers. It provides a rigid and stable platform for mounting speaker components, ensuring optimal acoustic performance.

Product Overview

Professional Aluminum Alloy Speaker Stand

This high-quality basin-shaped speaker stand is engineered specifically for 12-inch V series speakers. Constructed from durable aluminum alloy, it provides a rigid platform that minimizes vibration and resonance for clearer sound output. The design features a specialized basin shape that ensures structural integrity while assisting with efficient heat dissipation during operation.

Technical Specifications

Compatible Speaker Size	12 inches
Voice Coil Opening	3 inches
Material	Aluminum Alloy
Design Style	Basin-shaped, Flower basket style

Application

Primary Use

- Professional audio systems
- DIY speaker projects
- Speaker unit component mounting
