

# Aluminum CD Storage Case with Dividers

This aluminum case is designed for storing and organizing CDs. It features a durable exterior with reinforced corners, a secure latch, a protective interior, and dividers.

## Product Overview

### Professional Aluminum CD Storage Solution

This durable aluminum storage case is specifically engineered to provide secure, organized archiving for up to 390 CDs. Featuring a robust exterior with reinforced corners and a protective interior lining, it ensures that your digital media remains shielded from physical damage. The inclusion of integrated dividers allows for efficient cataloging, making it an ideal choice for professional music libraries, software inventory, or data archiving.
