

Aluminum Vehicle Roof Rack Cargo Carrier

This aluminum roof rack cargo carrier is designed to provide additional storage space for vehicles. It features a lightweight yet durable aluminum construction, ensuring resistance to corrosion and longevity.

Product Overview

Versatile Cargo Solution

This aluminum vehicle roof rack cargo carrier is engineered to provide reliable, additional storage space for a variety of vehicles. Constructed from lightweight yet durable aluminum, it offers excellent corrosion resistance and long-term durability. Its aerodynamic design helps maintain vehicle efficiency while providing a secure platform for luggage, camping gear, and other bulky items.

Technical Specifications

Available Sizes

- 50 x 38 inches
- 55 x 39.5 inches
- 63 x 44 inches

Key Benefits

Corrosion resistant • Lightweight • Aerodynamic • Durable

Material

Aluminum

Customization

Yes

Installation

Integrated mounting points, Easy installation, Secure attachment
