Angle Grinder for Cutting and Polishing

This angle grinder is designed for cutting, grinding, and polishing various materials. It features a powerful motor for efficient operation and a durable construction for extended use.

Product Overview

Professional Angle Grinder

This high-performance angle grinder is engineered for versatile cutting, grinding, and polishing tasks across a variety of materials. Equipped with a powerful motor, it ensures efficient operation and reliable performance for demanding projects. The tool features an ergonomic design with a comfortable grip to provide superior control and reduce fatigue during extended professional use.

Technical Specifications

Rated Input Power	750 W
No-load Speed	11000 rpm
Wheel Diameter	100 mm

Electrical Specifications

Voltage/Frequency	230V/50HZ
