

Angle Grinder for Cutting and Polishing

This angle grinder is designed for cutting, grinding, and polishing. It features a robust motor and ergonomic design.

Overview

Compact and Versatile Angle Grinder

This angle grinder is engineered for precision cutting, grinding, and polishing tasks across various materials. Designed with a robust motor, it delivers consistent performance for professional metalworking and construction applications. Its ergonomic build ensures comfortable handling during extended use, while integrated safety features provide essential user protection.

Performance Metrics

Rated Power Input

570 W

Rated Power

Rated Speed

13000 r/min

Technical Specifications

Max. Wheel Diameter 100 mm

Hole Diameter of Wheel 16 mm

Net Weight 1.8 Kg

Application

Suitable For Cutting, Grinding, Polishing, Metalworking, Construction
