

Angle Grinder Power Tool

This angle grinder is a power tool designed for cutting, grinding, and polishing various materials. It features a powerful motor and ergonomic design for comfortable handling and long-lasting use.

Overview

High-Performance Angle Grinder

This high-performance angle grinder is engineered for demanding tasks, including cutting, grinding, and polishing a wide variety of materials. Equipped with a powerful 3000W motor, it delivers consistent results for both professional and DIY applications. Its ergonomic design ensures comfortable handling, while the durable construction is built to withstand rigorous use in challenging environments.

Technical Specifications

Power Output

3000 W

Rated Power

Rotation Speed

- 8000 RPM
- 6500 RPM

Disc Diameter

- 180 mm
- 230 mm

Model Number

8230B

Spindle Size

M14

Features

Primary Applications

Cutting, Grinding, Polishing
