

Animal Feed Pellet Mill

This ring die pellet machine is installed in large-scale chicken feed pellet plants to make quality pellets at a high rate. It produces various kinds of high-quality feed pellets for fish, shrimp, crab, and pets, using materials like rice dust, wheat chaff, and bone powder.

Product Overview

High-Efficiency Ring Die Pellet Mill

This advanced ring die pellet mill is designed for large-scale feed production facilities, offering high-efficiency processing for various animal feeds. The machine features a robust, compact structure with safety interlocking mechanisms and magnetic iron-removal devices to ensure reliable, high-quality output. It is engineered for low power consumption and easy maintenance, making it an ideal core component for complete feed granulation production lines.

Technical Specifications

Performance Data

Model	Ring Die Size (mm)	Main Power (kW)	Feeder Power (kW)	Capacity (t/h)
9KLH-350	350*100	30*2	0.75	3-5
9KLH-420	420*136	55*2	1.5	8-12
9KLH-520	520*178	75*2	1.5	10-18

Compatible Raw Materials

Rice dust, Mustard cake, Wheat chaff, Maize, Cotton seeds, Fish powder, Bone powder, Innards

Key Features

Operational Benefits

- Reasonable structure and compact layout
- Low power consumption
- Safety interlocking mechanism
- Magnetic-selection iron-removing device
- High degree of pellet finish

PACKING AND DELIVERY

When the container arrive our factory, our shipping operator and delivering equipment will be ready on time to ensure goods shipped based on Sales Order requirement.

For Poultry Feeds Machines for Animal Feeds Manufacturing: Bracket, tray and fully sheathed case act as the main packaging containers for storage equipment shipped in 20ft or 40ft containers. Bracket and pallet are as the packaging container for side panels, reinforcing rib and vane. Goods like trestle stand, roof are packed with simple steel power (similar to bundle packaging), directly shippable. Construction materials such as bolts, welding rod are containerized with closed wooden box.

Professional packaging and container loading process for secure international delivery.
