Product Overview

Advanced Anti-Fog Technology

This specialized anti-fog spray utilizes an advanced active agent to form a super-hydrophilic nano-film on glass surfaces. This protective barrier prevents fogging even in environments with significant temperature differences, ensuring clear visibility for driving and daily use. The water-based formula is dust-proof, safe, and stable, making it an ideal solution for maintaining clarity on various glass surfaces.

Key Features & Applications

Safety & Performance

Dust-proof • Stable Formula • Safe for use

Suitable Applications

Car Glass, Personal Eyewear, Swimming Goggles, Indoor Glass, Makeup Mirrors

Formula Type

Water-based

Technical Specifications

Volume per Unit

118 ml

Volume

Shelf Life

3 years
