

ATV Cargo Trailer with Loading Ramps

This heavy-duty ATV trailer has a robust steel frame and a mesh bed for secure cargo transport. Dual loading ramps facilitate easy loading and unloading of ATVs or equipment.

Product Overview

Versatile ATV Cargo Trailer

This heavy-duty ATV trailer is engineered for reliability and ease of use in demanding environments like farms, construction sites, and recreational areas. Featuring a robust steel frame with a durable yellow powder coat finish, it is built to resist corrosion and ensure high visibility. The design includes dual loading ramps for efficient equipment handling and a mesh bed for secure cargo transport.

Technical Specifications

Damping System	Spring plate
Braking Type	Impact brake
Traction Type	Tripod traction

Manufacturing & Quality

Surface Treatment Process

- Derusting
- Oxidant removal
- Surface welding stress relief via shot blasting

Logistics

Transportation Mode	Knocked-down or flexible package for carriage boards
---------------------	--

Features

Key Features

Robust Steel Frame • Mesh Bed • Dual Loading Ramps • Corrosion Resistant
