

ATV Lift with 1500 lbs Capacity

This heavy-duty ATV lift has a 1500 lbs capacity and is designed for one-hand or two-hand operation. It is ideal for the maintenance, repairs, and storage of ATVs and other small vehicles.

Product Overview

Professional Grade ATV Lift

This heavy-duty ATV lift is engineered to support loads up to 1500 lbs, making it an essential tool for maintenance, repairs, and storage of ATVs and small vehicles. Constructed from durable steel, the lift features a versatile design available in both one-hand and two-hand operation configurations. With a lifting range of 5.50 to 14.80 inches and smooth-rolling casters, it offers both precision and ease of use in any professional workshop environment.
