Overview

Versatile ATV-Mounted Spraying Solution

This electric high-pressure sprayer is specifically designed for mounting on ATVs, making it an ideal choice for large-scale agricultural and gardening disinfection tasks. Available in 60L and 100L tank capacities, it features a robust electric pump system that ensures consistent pressure for efficient coverage. Whether managing crops or performing wide-area sanitation, this durable unit provides a mobile and reliable solution for professional operators.

Technical Specifications

Tank Capacity Options	60L, 100L
Power Source	Electric Pump
Model Reference	SX-CZ60D
Pressure Rating	High Pressure

Applications

Primary Applications

- Agricultural crop spraying
- Garden maintenance
- Large-area disinfection
- Field sanitation
