

ATV Utility Trailer with Mesh Bed

This heavy-duty utility trailer is designed for use with ATVs and UTVs. It features a mesh bed for easy drainage and high flotation tires for smooth travel over rough terrain.

Product Overview

Robust ATV Utility Trailer

The X4 steel mesh utility trailer is engineered for heavy-duty hauling across rough outdoor terrain. Featuring a durable steel frame and an open mesh bed for easy drainage, it is ideal for landscaping, farming, and off-road applications. Its specialized flotation tires ensure smooth travel, while the modular design allows for rail configuration adjustments to suit various load requirements.
