

Audio-Visual Signal Transmission Cable

This video cable is designed for reliable audio-visual signal transmission. Its durable connector ensures secure connections and optimal performance when connecting audio-video devices.

Overview

Professional Audio-Visual Transmission

This high-quality audio-visual signal transmission cable is engineered for reliable performance in demanding environments. It features a durable, robust connector design that ensures secure signal integrity and consistent connectivity across all linked devices. Designed for versatility, this cable serves as an ideal solution for professionals requiring seamless audio-visual integration in complex system setups.

Technical Features

Application Compatibility

- Professional AV systems
- Device-to-device audio linking
- Video signal transmission

Build Quality

Durable Connector, Secure Connection, High Signal Integrity
