

Audio/Video Equipment Component with Star-Shaped Element

This appears to be a component for audio or video equipment. It features a clear housing with a star-shaped internal element.

Product Overview

Component Overview

This specialized audio/video equipment component is designed for precise applications, featuring a distinct internal star-shaped element. The unit is housed in a clear casing, allowing for visual inspection of the internal mechanism. It is suitable for professional installation and maintenance contexts requiring delicate handling.

Technical Details

Component Type	Audio/Video Equipment Component
Design Feature	Star-shaped internal element
Housing	Clear/Transparent
Compatibility	DVD Line6, Zoom Equipment
