

# Auto Air Conditioning Condenser for Qingling T+ Pickup

This auto air conditioning condenser is designed for Qingling T+ pickup trucks. It ensures efficient heat exchange and optimal cooling performance for the vehicle's air conditioning system.

## ADDITIONAL IMAGES

## Overview

High-quality refrigeration condenser designed for optimal heat exchange and durability.

### High-Performance Condenser

This high-performance auto air conditioning condenser is specifically engineered for the Qingling T+ pickup. Designed for durability and efficient heat exchange, this unit helps maintain optimal cooling performance in your vehicle's air conditioning system. Built to withstand demanding conditions, it is a reliable replacement part that meets strict quality standards.

## Technical Specifications

### Heat Exchange Capacity

**15.5 kw**

Heat Exchange Capacity

<b>Main Material</b>	Aluminum
<b>Dimensions</b>	773.5 x 488.5 x 55.5 mm
<b>Pressure Tolerance</b>	5.9 MPa
<b>Bursting Pressure</b>	>8.8 MPa

## Compatibility

Compatible Vehicle	Qingling T+ Pickup
--------------------	--------------------

## Service & Quality

### Quality Control

100% Tested • Strict Quality Management

### OEM Services

- Custom mold development
- Custom gauge creation
- Production based on technical drawings

Sample Availability	Yes
