Product Overview

Professional Auto-Darkening Welding Helmet

This high-performance welding helmet is engineered for superior eye protection and comfort during demanding welding tasks. Equipped with an advanced auto-darkening filter (ADF), it seamlessly adjusts to arc intensity to ensure clear visibility and safety. The ergonomic design and adjustable settings make it a reliable choice for professional welders across MIG, TIG, and arc welding applications.

Technical Specifications

Adjustable Settings

- Sensitivity Control
- Delay Settings
- Shade Levels

Performance Highlights

5 DIN

Min Shade Level

Compatible Welding Processes

MIG, TIG, Arc Welding, Inverter Welding

Design & Comfort

Design Features

Ergonomic Fit • Adjustable Headgear • Wide Viewing Area
