

Automatic 8-Gun Spraying Machine

This automatic spraying machine is equipped with 8 guns for efficient and consistent coating applications. Designed for industrial use, it ensures uniform coverage and high throughput.

Product Overview

High-Efficiency Automatic Spraying Solution

The HMS1300D is a professional-grade automatic spraying machine designed for high-volume industrial coating applications. Equipped with an 8-gun system, it ensures uniform coverage and consistent finishing quality across a wide range of materials. This automated solution is engineered to enhance productivity, minimize material waste, and reduce manual labor in demanding production environments.

Key Performance Metrics

Key Performance Metrics

1300 mm Max Spraying Width	8 pcs Spray Guns	10 m/min Max Feeding Speed	14.5 kw Total Power
--------------------------------------	----------------------------	--------------------------------------	-------------------------------

Technical Specifications

Spraying Machine/Barrizadora de pistola/Опрыскиватель станок HMS1300D

HMS1300D (Automatic spraying machine/gun)
(Barrizadora de pistola automática/gunshot)
(Автоматический распылитель станок/пистолет)

WEIHAI HELPFUL MACHINERY CO.,LTD

Technical Parameters

Parameter	Value
Model	HMS1300D
Max. Thickness of Workpiece	125mm
Air Pressure	0.5-0.8Mpa
Weight	2000kgs
Dimensions	4200x3850x2520mm

Operational Features

Spraying Machine/Barrizadora de pistola/Опрыскиватель станок HMS1300D

HMS1300D (Automatic spraying machine/gun)
(Barrizadora de pistola automática/gunshot)
(Автоматический распылитель станок/пистолет)

WEIHAI HELPFUL MACHINERY CO.,LTD

Spraying Machine/Barrizadora de pistola/Опрыскиватель станок HMS1300D

HMS1300D (Automatic spraying machine/gun)
(Barrizadora de pistola automática/gunshot)
(Автоматический распылитель станок/пистолет)

WEIHAI HELPFUL MACHINERY CO.,LTD

Spraying Machine/Barrizadora de pistola/Опрыскиватель станок HMS1300D

HMS1300D (Automatic spraying machine/gun)
(Barrizadora de pistola automática/gunshot)
(Автоматический распылитель станок/пистолет)

WEIHAI HELPFUL MACHINERY CO.,LTD

System Features

- Automated conveyor system for part handling
- Multi-gun configuration for comprehensive coverage
- Precise control mechanisms for consistent results
- Robust construction for industrial durability
- Suitable for various coating materials

Applications

Spraying Machine/Barrizadora de pistola/Опрыскиватель станок HMS1300D

HMS1300D (Automatic spraying machine/gun)
(Barrizadora de pistola automática/gunshot)
(Автоматический распылитель станок/пистолет)

WEIHAI HELPFUL MACHINERY CO.,LTD

Industrial Applications

Industrial Coating, High-Volume Production, Automated Finishing, Uniform Surface Treatment
