

Automatic Asphalt Distributor Truck

This automatic asphalt distributor truck is designed for spraying various types of asphalt. It is suitable for applying emulsified, diluted, hot, heavy-duty, and high viscous modified asphalt.

Overview

High-Efficiency Asphalt Distribution

This automatic asphalt distributor truck is engineered for professional road construction and maintenance tasks. It features a high-capacity 8000L insulated tank and a computerized spray system that ensures uniform application across widths up to 6000mm. Designed for versatility, it handles various asphalt types including hot, modified, diluted, and emulsified asphalt with high precision.

Key Performance Metrics

8000 L

Tank Capacity

6000 mm

Max Spray Width

1.5 %

Spray Precision

Technical Specifications

Chassis Model	ZZ1167M4617D1
Total Weight	16000 kg
Overall Dimensions (LxWxH)	8830 x 2496 x 3420 mm

Spray System

Spray Width Range	200 - 6000 mm
Spray Volume Range	0.2 - 3.0 kg/m ²
Compatible Spray Media	Hot Asphalt, Modified Asphalt, Diluted Asphalt, Emulsified Asphalt

Heating & Control

Heating Mode	Imported diesel oil burner (10x10t kCal/h)
