

Automatic Bottle Labeling Machine

This automatic labeling machine is designed for applying labels to round, oval, and square bottles. It supports partial or fully wrap-around labeling and can apply one or two labels at a time.

Overview

High-Efficiency Automatic Labeling

This automatic self-adhesive labeling machine is designed for seamless integration into production lines for round, oval, and square bottles. Constructed from durable stainless steel, it ensures hygiene and longevity, making it an ideal choice for the food, beverage, pharmaceutical, and cosmetic industries. Equipped with advanced sensors and a precise labeling head, it delivers consistent application accuracy while minimizing downtime.

Performance Metrics

Labeling Speed

25 M/Min

Max Speed

Labeling Accuracy

±1mm

Compatibility & Dimensions

Handling Capabilities

Parameter	Range
Label Width	10-130mm
Bottle Diameter	11-25mm
Product Height	40-320mm
Reel Inner Diameter	75mm
Reel Outer Diameter	Max 360mm

Technical Specifications

Power Supply	800W, 110V/220V, 50/60Hz
Machine Dimensions	2000 x 1050 x 1000 mm
Model Number	ts-100r

Certifications

Compliance Standards	CE, ISO 9001, CQC
