Product Overview

Industrial Automatic Flip Vacuum Sealer

This double-chamber automatic flip vacuum packaging machine is designed to streamline high-volume packaging operations. Engineered with robust stainless steel, it ensures durability and adherence to sanitary requirements for food and industrial applications. The dual-chamber configuration allows for continuous processing, significantly enhancing productivity by reducing downtime between packaging cycles.

Technical Specifications

Performance Metrics

100 m³/h

Pump Capacity

590 mm

Sealing Length

3 kw

Total Power Consumption

Power Supply

- AC 380V/50Hz
- 220V/60Hz

Physical Dimensions

Weight

Type	Weight
Net Weight	370kg
Gross Weight	420kg

Shipping Size

1530*1030*1060mm

Compliance and Standards

Certifications

CE, ISO 9000
