

# Automatic Hand Sanitizer Dispenser with 21.5" Advertising Display

This automatic dispenser combines hand sanitization with a 21.5" advertising display. It is designed for public spaces, retail, and commercial buildings to promote hygiene and deliver targeted advertising.

## ADDITIONAL IMAGES

## Product Overview

### Dual-Purpose Hygiene and Advertising Solution

This innovative device seamlessly integrates a 21.5-inch advertising display with an automatic, touch-free hand sanitizer dispenser. Designed for high-traffic public spaces, retail environments, and commercial buildings, it promotes hygiene while simultaneously delivering targeted promotional content. The unit features a durable construction and a remotely manageable display system, making it an ideal choice for businesses looking to enhance safety and engagement.
