

Automatic Pet Food Dispenser

This automatic pet food dispenser provides consistent and convenient feeding for cats and small to medium-sized dogs. It accurately measures and dispenses portions of food at predetermined times, and it can be controlled remotely via a smartphone app.

Product Overview

Smart Feeding Solution

This automatic pet food dispenser provides a consistent and convenient feeding schedule for cats and small to medium-sized dogs. Equipped with smart dispensing technology, it ensures accurate portion control at regular intervals to maintain healthy eating habits. Designed for reliability and hygiene, it utilizes food-grade materials and a sealed storage system to keep dry food fresh for extended periods.
