Overview

High-Efficiency Round Bottle Labeling

This automatic round bottle label applicator is engineered for precision and reliability in high-volume production environments. It utilizes a belt-driven rolling application method to ensure labels are applied smoothly and without bubbles, maintaining a professional finish. Designed for versatility, the system easily accommodates a wide range of bottle sizes without the need for spare part changes, significantly reducing downtime during product changeovers.

Technical Specifications

Model	RFT-80P
Power Consumption	1200 W
Voltage	AC 220V/50Hz, 110V/60Hz

Performance

Labeling Speed

20 BPM

Minimum Speed

50 BPM

Maximum Speed

Compatibility

Applicable Product Range

Parameter	Range
Outer Diameter	12-100 mm
Height	30-200 mm

Applicable Label Range

Parameter	Range
Label Height	15-100 mm
Label Length	20-300 mm

Physical Dimensions

Machine Dimensions (LxWxH)	2000 x 1100 x 1400 mm
Weight	200 kg
