

Automobile AC Compressor for Benz Actros

This AC compressor is designed for Benz Actros vehicles. It utilizes R134a refrigerant and operates with a 24V voltage and 11PK/130 clutch.

Overview

High-Performance Climate Control

This heavy-duty AC compressor is specifically designed for Benz Actros commercial vehicles, ensuring reliable climate control in demanding environments. Operating on a 24V system, it utilizes R134a refrigerant to provide efficient cooling performance. The unit features a robust 11PK clutch assembly for durable power transmission and consistent operation.

Technical Performance

Operating Voltage

24 V

Voltage

Refrigerant Type

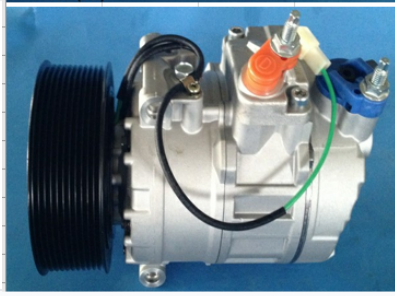

R134a

Mechanical Specifications

Clutch Configuration

11PK/130

Identification & Compatibility

Code:FIN7SBU		
Refrigeration: R134a		
Voltage: 24V		
Clutch:11PK/130		
Applicable:Benz Actros		
Factory Code:FIN7SB16107		
OEM NO. :5412301311;5412300411
