

Automobile Engine Fuel Injector

This high-performance fuel injector is designed for optimal fuel delivery and engine efficiency. It features a precise spray pattern for enhanced combustion and reduced emissions.

Overview

High-Performance Fuel Injector

This high-performance fuel injector is engineered for optimal fuel delivery and superior engine efficiency. Featuring a robust construction and a precise spray pattern, it promotes enhanced combustion while contributing to reduced emissions. Designed for durability and reliability, this component ensures consistent performance even under demanding operational conditions.

Technical Specifications

Part Numbers	8321054500, 4011.01-19, 044520 397, 576
Manufacturing Origin	India

Performance Features

Performance Highlights

1 Multi-hole

Nozzle Configuration

Design Benefits

- Optimized fuel atomization
- Enhanced combustion efficiency
- Durable material construction
- Compatible with various fuel systems
