

Automobile Rear Seat Protector

Protective rear seat cover designed for automobiles. It features durable, waterproof material to shield seats from dirt, scratches, and pet hair.

Overview

Ultimate Rear Seat Protection

This heavy-duty rear seat protector is designed to shield your vehicle's interior from dirt, scratches, and pet hair. Crafted from durable polyester with a resilient PVC backing, it offers superior protection during the transportation of goods or animals. Its versatile design and secure mounting system ensure a stable, non-slip fit across most automobile models.
