Overview

High-Performance Automotive AC Compressor

This automotive air conditioning compressor is engineered for reliable climate control and efficient cooling performance. Designed for compatibility with specific vehicle systems, it features a robust construction to ensure durability and longevity under demanding operating conditions. The unit comes fully equipped with the necessary pulley, electrical connectors, and pressure fittings to facilitate a straightforward installation process.

Technical Specifications

Clutch Configuration	4PK / 110MM
Operating Voltage	12 V
Refrigerant Compatibility	HFC134a / R134a
Recommended Oil	SP-20 or equivalent
Model Identifier	FIN7SE17

Compatibility

Compatible Vehicle Make	SKODA
