Product Overview

High-Efficiency Automotive Condenser

This automotive air conditioning condenser is engineered for optimal heat exchange and thermal efficiency. Constructed with a durable aluminum core, it ensures long-lasting performance and corrosion resistance. Designed to meet strict OEM specifications, this unit provides a precise fit for seamless integration into your vehicle's cooling system.

Compatibility & Fitment

Compatible Vehicle Models

- BMW X5 (E70) xDrive 30d (2010-)
- BMW X5 (E70) 3.0si (2007-2005)
- BMW X5 (E70) xDrive 35d (2008-)

OEM Part Numbers

9239992, 6972553

Technical Specifications

Core Dimensions

608 mm

Width

466 mm

Height

16 mm

Depth
