

# Automotive Air Conditioning Condenser

This high-performance condenser is designed for efficient heat transfer in automotive air conditioning systems. It features durable construction with tightly packed fins for maximum surface area and optimized airflow.

## ADDITIONAL IMAGES

## Overview

### High-Performance Automotive Condenser

This automotive air conditioning condenser is engineered for efficient heat transfer and optimal cooling performance. Constructed with durable materials and tightly packed fins, it provides maximum surface area and superior corrosion resistance. Designed to meet or exceed OEM specifications, it ensures a direct fit and reliable operation across various vehicle models.

## Key Performance Metrics

### Performance Highlights

**1 Year**

Warranty Period

**50 Pcs**

Minimum Order

## Technical Identification

OE Number

68102117AA

Model Number

AC640

## Quality & Compliance

Certifications

ISO/TS 16949:2009, Certificated

## Design & Construction

### Key Features

- High-efficiency heat transfer fins
- Corrosion-resistant construction
- Multiple connection points for easy installation
- Optimized airflow design
- Direct OEM fitment

## Logistics & Trade

Packaging	Neutral Packing
Payment Terms	T/T
Place of Origin	China (Mainland)
