Product Overview

High-Performance Automotive Condenser

This automotive air conditioning condenser is engineered for efficient heat transfer and optimal cooling performance. Designed to meet or exceed OEM specifications, it ensures reliable operation and a precise fit for compatible vehicle models. Its robust construction provides excellent resistance to corrosion and vibration, promoting a long service life for the vehicle's climate control system.

Technical Specifications

Core Dimensions (L x W x T)	675 x 403 x 16 mm
OEM Reference Number	97606C1000
DPI Number	940698
Nissens Reference	88-70043

Compatibility

Compatible Vehicles

Make/Model	Engine/Variant
Hyundai Sonata VII (LF)	2.4 GDI
