

Automotive Air Conditioning Condenser

This high-efficiency condenser is designed for automotive air conditioning systems. Its parallel flow design ensures optimal heat transfer and cooling performance.

Product Overview

High-Efficiency Automotive Condenser

This automotive air conditioning condenser is engineered for optimal heat transfer and cooling performance. Featuring a durable aluminum alloy construction, it offers excellent corrosion resistance and long-term reliability. Its parallel flow design, utilizing flattened tubes and corrugated fins, maximizes surface area to ensure efficient refrigerant condensation for effective cabin cooling.

Technical Specifications

Core Dimensions

648 mm

Length

432 mm

Width

22 mm

Thickness

OEM Reference

68078975 AA/BB

Nissens Reference

940570

DPI Number

3982

Compatibility

Compatible Vehicles

Make	Model	Engine	Year
JEEP	COMPASS	2.0L I4	2010-2015
DODGE	CALIBER	2.0I 16V	2006
DODGE	CALIBER	2.4I 16V	2006
