Product Overview

Body Control Module Overview

This Body Control Module (BCM) is an essential electronic control unit designed to monitor and manage various vehicle electronic accessories. It provides centralized control for critical systems including lighting, door locks, power windows, and vehicle security. Engineered for reliability and precise performance, this module ensures seamless integration with automotive electrical architectures.

Technical Identification

Part Number	10097475
NCF Number	100892959/01
Hardware Version	10097477/01
Software Version	10097476/01
Serial Number	0000169059
Identifier Code	767475AHB145011

Production Details

Manufacturing Date	2017-11-14
Country of Origin	China

Logistics

Shipping & Handling	Quick Delivery, Safe Packing
