

# Automotive Clutch Kit

This clutch kit provides reliable engagement and disengagement of the engine and transmission. Its robust construction includes friction materials and springs for optimal performance and smooth operation.

## Product Overview

### High-Performance Clutch Kit

This automotive clutch kit is engineered for reliable engagement and disengagement between the engine and transmission. Featuring robust construction with high-quality friction materials, it ensures optimal performance and long-term durability. The inclusion of precision springs facilitates smooth operation and efficient power transfer, making it an essential component for maintaining proper gear changes and a consistent driving experience.

## Technical Specifications

Facing Dimensions (O.D. x I.D.)	215 x 147 mm
Spline (Count x Diameter)	20 x 22.60 mm
OEM Reference Number	E8FZ-7550A

## Compatibility

Supported Production Years	1971-1986, 1984-1994, 1985-1990, 1986-1989, 1986-1987, 1989
