Product Overview

High-Performance Exhaust Component

This automotive exhaust pipe is engineered for durability and reliable performance in demanding exhaust systems. Featuring a sleek black-coated finish, it is constructed from high-grade stainless steel to resist corrosion and withstand high temperatures. Designed for universal compatibility, this component includes a secure clamp for a leak-free installation, making it an ideal choice for custom setups or component replacement.

Technical Specifications

Dimensions

76 mm

Inner Diameter

101 mm

Outer Diameter

305 mm

Overall Length

Item Number

HJ-304012RA-BK

Material Composition

Stainless Steel #201, Stainless Steel #304

Compatibility & Features

Compatibility

Universal Fit

Surface Finish

Black Coated
