Product Overview

Engineered for Reliability

This automotive hand brake cable is precision-engineered to match the exact dimensions and performance standards of original equipment. Featuring a corrosion-resistant design and high-strength materials, it ensures long-lasting durability and consistent braking efficiency. The inner cables are sheathed and lubricated to provide smooth operation, while the construction process guarantees superior pull-off force for maximum safety.

Technical Specifications

Construction Features

- Corrosion-resistant coating
- Sheathed and lubricated inner cables
- Bird-caged inner wire design
- Swaged metal end fittings

Compatibility

Compatible Vehicles

Make	Model	Year Range
FORD	EXPLORER	1995-1997
MERCURY	MOUNTAINEER	1997

Service & Quality

Service Promise

OEM Match • Corrosion Resistant • High Durability • Efficient After-sales Support
