

Automotive Hydraulic Floor Jack

This heavy-duty floor jack is designed for lifting vehicles. It features a robust steel construction, smooth hydraulic lifting mechanism, and swivel casters for easy maneuverability.

Overview

Heavy-Duty Hydraulic Floor Jack

This hydraulic floor jack is engineered for reliable vehicle lifting in professional automotive maintenance and repair environments. Constructed with robust materials, it ensures durability and stability during operation. The design incorporates a smooth hydraulic lifting mechanism and swivel casters, allowing for easy maneuverability and precise positioning under vehicles.

Technical Specifications

Lifting Capacity

30 kg

Max Load

Equipment Type

Hydraulic • Floor Jack

Features

Mobility

- Swivel casters for easy maneuverability
- Smooth hydraulic operation
