Overview

Professional Automotive Hydraulic Floor Jack

This heavy-duty hydraulic floor jack is engineered for reliable vehicle lifting in professional automotive maintenance and repair environments. Constructed from durable steel, it offers a robust 1.5-ton (3000 lbs) lifting capacity while maintaining a compact footprint for efficient storage. Designed with user convenience in mind, the unit features an integrated handle for smooth pumping and precise control during operation.

Technical Specifications

Lifting Capacity

1.5 Tons
Capacity

Lifting Capacity (Imperial)	3000 lbs
Construction Material	Heavy-duty steel
Design Features	Compact design, Manual pumping handle, Precise control

Application

Ideal For

- Automotive maintenance
- Vehicle repair
- Emergency lifting
