

Automotive Interior Cleaning Wax Spray

This dashboard wax spray is designed to clean, protect, and enhance the appearance of vehicle dashboards. It provides a protective layer against dust, dirt, and UV rays, helping to prevent fading and cracking.

Product Overview

Professional Automotive Interior Care

This premium cleaning wax spray is engineered to clean, protect, and enhance the appearance of vehicle dashboards and interior surfaces. It creates a durable protective layer that guards against dust, dirt, and harmful UV rays, effectively preventing material fading and cracking over time. Suitable for a wide range of materials including plastic, vinyl, and rubber, it leaves a long-lasting shine and a pleasant fragrance for a refreshed cabin environment.
