

Automotive Oil Absorbent Mat

This oil spill mat protects surfaces from oil spills and leaks during automotive maintenance and repair. Constructed from absorbent material, the mat effectively contains fluids, preventing them from spreading and causing damage.

Product Overview

Professional Grade Spill Protection

This automotive oil absorbent mat is engineered to provide a reliable barrier against spills, leaks, and drips during maintenance and repair tasks. Featuring a highly absorbent rug surface and a waterproof poly backing, it effectively contains fluids while preventing seepage onto garage floors or work surfaces. Its versatile design allows for easy customization, making it an essential tool for workshops, garages, and driveways.
