Product Overview

High-Performance Automotive Hub Bolt

This automotive wheel hub bolt is engineered for secure and reliable wheel mounting in diverse automotive applications. Designed with precision-cut threads, it ensures optimal clamping force and consistent torque retention during operation. Constructed from high-strength materials, this component offers enhanced durability and safety for long-term vehicle performance.

Technical Specifications

Item Type	Hub Bolt
HS Code	731815
OEM Compatibility	Customizable

Commercial Terms

Minimum Order Quantity	2000 PCS
Payment Terms	T/T, L/C

Logistics

Shipping Methods

Vessel • Air

Packaging

Packaging Standard	Polybag with box in carton
