

Backpack Power Sprayer with Nikasil Cylinder

This backpack power sprayer is designed for efficient application of liquids in agricultural and industrial settings. It features a robust engine for generating high pressure and a large-capacity tank for extended use.

Product Overview

Professional Backpack Power Sprayer

This high-performance backpack power sprayer is designed for efficient liquid application in both agricultural and industrial environments. Featuring a robust 2-stroke engine with a durable Nikasil cylinder, it is built to handle intensive spraying tasks including pesticides, herbicides, fertilizers, and disinfectants. Its ergonomic design is engineered to maintain operator comfort during prolonged professional use.

Technical Specifications

Power Output

6.3 KW/HP
Power

Engine Type	2-stroke
Engine Capacity	6.3 cm3

Acoustic Performance

Sound Pressure Level	97 dB(A)
Sound Power Level	110 dB(A)
