Product Overview

VC5001 High-Efficiency Bagged Vacuum

The VC5001 is a high-performance bagged cylinder vacuum cleaner designed for thorough cleaning efficiency. Featuring a robust motor ranging from 700W to 2400W and an advanced digital speed variation system, it adapts easily to various floor surfaces. With a 4L dust capacity and HEPA filtration, it ensures both long cleaning sessions and cleaner air exhaust, making it an ideal choice for professional-grade home maintenance.
