

Bagless Canister Vacuum Cleaner with Cyclonic Action

This bagless canister vacuum utilizes cyclonic action to efficiently separate dirt and dust. It is equipped with washable HEPA filter, automatic cord rewinding, and stepless speed control.

Product Overview

High-Efficiency Cyclonic Cleaning

This bagless canister vacuum cleaner utilizes advanced cyclonic action to provide consistent suction power for effective household maintenance. Equipped with a 5-stage filtration system including a washable HEPA filter, it ensures cleaner air output during use. The design focuses on user convenience, featuring stepless speed control and an automatic cord rewinding system.
